## Summary

- Materials: Tyvek 500
- Weight: 41 g/m<sup>2</sup>
- With three-piece hood (improved fit)
- **Antistatic** on both sides
- New improved seam technology
- Self-locking zip with flap and enlarged slider
- Elasticated hood, cuffs and ankles
- Bonded elastic at waist
- Sleeves do not ride up (no thumb loops required)
- Individually wrapped with size tag on each pouch
- Innovations to the Tyvek Classic: 3x better protection against liquids
- 6x better protection against airborne particles
- Optimized fit for a better fit even during movements
- Improved fit of the hood during head movements
- Larger zipper makes it easier to open and close with gloves
